

Request for qualification for the grid losses compensation activity regarding the purchase of energy and/or capacity guarantees

In order to proceed with the examination of the qualification of your company to take part in the calls for tenders for energy and/or capacity guarantees purchases required to compensate for system losses, please send us the following elements:

- The Letter of Acceptance of the General Agreement n° PE-07-2021 version n°6, applicable from July 1st, 2021, in accordance with the attached specimen letter, bearing the letterhead of your company, without any amendments, and stating the qualification(s) domain(s), dated and signed;
- The “Supplier Information Form”, filled out by you. You can use the electronic version;
- An extract of the trade and company register or a national equivalent concerning your firm, no older than three months;
- A certificate no older than three months issued by the administration concerned attesting that you are up to date with all obligations with respect to the tax and social contribution departments, or an affidavit in which the company declares itself free of its tax and social obligations (in this case, the applicant will have to use the specimen sworn statement attached in appendix 1 to this document);
- A copy of the balance sheets and income statements of the last three fiscal years together with their appendices;
- A bank certificate with mention of your company’s bank account details (IBAN);
- The “User Form Eclipse” for each of future users identified within your company (at least one for the “Administrator” role);
- Depending on the case applicable to your qualification:
 - A copy of the decision of the French Ministry of Energy relating to your request of authorization to exercise the activity of purchase for resale to final customers and TSO for their grid losses, in case of a qualification for the energy purchasing activity;
 - An affidavit in which the Supplier declares having a valid framework agreement for Regulated Access to Historic Nuclear Power with EDF, if the Supplier wishes to participate in the specific calls for tender for ARENH (in this case, the Supplier will have to use the specimen sworn statement attached in appendix 2 to this letter);

The candidate should refer to article 1.3 of the General Agreement regarding the terms of qualification.

Qualification can only be pronounced after receipt and analysis of all the requested documents.

Qualification on the respective domain(s) will be notified by a Qualification Mail. The General Agreement will consequently take effect.

To send your qualification request or any additional information, you can contact the Grid Losses Compensation Team at the following address:
